The Graham Farm, Red Lion, Pennsylvania

Introductory tracking experiences for all dogs!
No tracking experience required!
Outdoor instruction and practice sessions included in this seminar!

Sue Ammerman will be the presenter and facilitator. Sue owns a number of dogs, especially Westies. She began her tracking journey with her Westie, Ray, in 1995. Since then, Sue and her dogs have achieved great things in the sport of tracking, including having only the 6th Westie in AKC to achieve his Champion Tracker title!
Sue says... "Dogs are my passion and I love the training process. The titles are just the icing on the cake. I love training, teaching and judging the sport of tracking. It remains the only dog sport that truly is totally dependent on the dog and that is what I love about it. Dogs are amazing creatures. There is not a day that goes by that I don't appreciate their diversified talents."
